

## VIS Placement Policy

When families educate their children outside their home countries, they very often ask the question **What grade will my child be placed in?**

Well, as you are aware students enrolled at **Vienna International School** come from over 110 different countries in the world and currently 86 different mother tongues are spoken amongst the near 1400 students enrolled. Candidates for admission to our school will be placed by age and school history.

When a discrepancy between our Placement Policy and the parent requested anticipated Grade at entry occurs, the Admissions Coordinator and the respective school's Admissions Team consisting of the respective School Principal, the Educational Psychologist, the Learning Support and/or ELA Leaders, Counselor and School Doctor, will start the internal review process and consider all available information provided on the candidates online application. If any additional information about your child is requested for making a final admissions decision you will be contacted. In case the Admissions Team decide on a different placement to the one requested by the parents the decision will be communicated to the parents via the online application OpenApply.

**Please see more on the VIS Placement Policy below:**

Grade	Age Group	Date for Entry – students must be
ELC, Early Learning Centre	3+ year olds	3 years of age at the date of entry
ELC, Early Learning Centre	4+ year olds	4 years of age by 31 August of the current school year
