

VIS Placement Policy

When families educate their children outside their home countries they very often ask the question **What grade will my child be placed in?**

Well, as you are aware students enrolled at **Vienna International School** come from over 112 different countries in the world and at the moment 86 different mother tongues are spoken amongst the 1400 students enrolled. Candidates for admission to our school will be placed by age and school history. Once you have provided a complete online application of your child and indicated the anticipated Grade at entry, the Admissions Coordinator will review all information provided and request more information from the parent/s if necessary.

When a discrepancy between our Placement Policy and the parent requested anticipated Grade at entry occurs, the Admissions Coordinator will ask the Placement Committee to review the application. The Placement Committee consists of the respective School Principals and the Director. Once the Placement Committee has made a decision, the Admissions Coordinator will communicate the decision to the parent/s via the online application tool, OpenApply.

Please see more on the VIS Placement Policy below:

Grade	Age Group	Date for Entry – students must be
ELC, Early Learning Centre	3+ year olds	3 years of age at the date of entry
ELC, Early Learning Centre	4+ year olds	4 years of age by 31 August of the current school year
